Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 20 Mar 2021

++ Valid for broadcast between 0600 and 1800

Headline:
A rather cloudy day with the odd sunny spell.

Today:
A rather cloudy day, with some patchy light rain or drizzle in places during the morning. Cloud thins slightly through the afternoon, allowing for an occasional sunny spell. Cooler than recently, although still warm in any sunshine. Maximum temperature 14 deg C (57 deg F).

Tonight:
Cloud builds from the north through evening, although the odd clear spell remains possible overnight. Further outbreaks of patchy rain or drizzle are likely. Minimum temperature 6 deg C (43 deg F).

Sunday:
A rather cloudy day, with outbreaks of patchy light rain or drizzle possible through morning. Cloud slowly lifts throughout the day, bringing some sunny spells and a few light showers. Maximum temperature 12 deg C (54 deg F).

Outlook for Monday to Wednesday:
Cloudy on Monday and Tuesday, with occasional outbreaks of rain, and winds increasing. A band of rain, heavy at times, moves across the country through Wednesday.
